**** Radioisotope Use Log ****

☐ If box is checked: A) you must visually inspect the package NO LATER THAN 3 HOURS AFTER RECEIPT of this package.
B) Is the package Crushed, Wet, or Damaged? Check yes or no below:
☐ Yes: IMMEDIATELY secure it and call Health Physics at 723-3201
☐ No: Continue inspection following the "Safety Instructions"

Nuclide: _____ Chem. Form: _____ PO#: _____ Date Rec.: _____ Amt (µCi): _____

HP Log: _____ Vendor: _____ Rel#: _____ CRA: _____

Location of Storage: _____ Stock Processing: _____ By: _____ Date: _____

ALWAYS remove/obliterate all Radioactive package markings and survey package prior to disposal.
IF RECYCLING package to manufacturer: Package MUST be EMPTY & CRA# on return address.
USER SURVEY of packaging: highest measurement, net cpm _____ (LIMIT: net cpm < background).
REMEMBER to use a suitable detector.

On Hand (µCi)	Removed (µCi)	Name	Date	Waste Disposal			Long Term † Retention (µCi)	Transfer CRA # / (µCi)
				To Sewer (µCi)	To HP (µCi)	Other (µCi)		
Amount								

† Nuclides incorporated into samples or in the process of an experiment -- Disposal date is indefinite.

This log sheet must be kept in a readily retrievable manner for Inspection; and after the shipment is used up this is to be filed in the lab journal as a long term record. Take balance to zero showing final disposal of the stock vial to _____ on _____ (date).
