Sample Searchworks [22] Subject Headings

These directly link into Searchworks, but are also good phrases for searching databases.

- “Technology Moral and ethical aspects”. [23]
- "Technology Social aspects." [24]
- “Information technology Moral and ethical aspects.” [25]
- “Discoveries in Science” [26]
- “Computers and civilization” [27]
- “XXX History.” – where XXX is the invention you want to look for (ex. “Radio History.”)

Journals

- American Heritage of Science and Technology – online [28]
- History and Technology – online [29]
- Technology and Culture – online [30]

Suggested Databases

When searching in databases you can successfully use keyword combinations which would not work well in Searchworks. Try combinations such as innovation or technology with words like resistance or rejection.
