In the hint of last question, replace

$$a_h(u_h - w_h, v_h) = a(u - w_h, v_h) + a(w_h, v_h) - a_h(w_h, v_h)$$

by

$$a_h(\bar{u}_h - w_h, v_h) = a(u - w_h, v_h) + a(w_h, v_h) - a_h(w_h, v_h)$$

(the new online version includes this correction)
