

Primary Reality Is Singular, The Same For Everyone, And Never Changes

The Above Formulation Does Not Match The Workings Of The Bioecosystem At This Star

The Above Formulation Is The Structure of Thinking Used for Illuminating Paradigm from California

The word truth is defined as a report that conforms to the singular reality of this bioecosystem. When something is true, it has the properties of being absolute, singular, and consistent with everything else that's true, it is the same for everyone, and it never changes, that is, it is constant for all time.

Excerpt from 'Schema': Bear in mind that this bioecosystem does Not work on a system consisting of 'mass' or 'matter'. Matter and energy comes and goes, ethereal stuff, small, uniform, and of no great consequence, if it even exists at all; but the configurations, the-way-those-atoms-are-organized, that is what constitutes substance, that's what is solid, concrete substance - what we see, what we touch, what we feel, what we think.

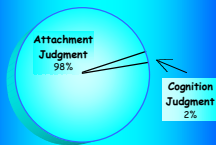

An Individual's Cognition Judgement is Tethered to Singular Reality

Human Evaluation, Judgment, and Assessment is a Three Part System:
One Third Tethered to Attachment Figures
One Third Tethered to The Truth
One Third Tethered to Solution
