

CS229 Anonymous Midterm Survey

1. How helpful or non-helpful are the online lecture notes? Any comments on them?
2. What do you think of the lectures? (E.g., clarity, pace, would you like to see more/less detail, anything you can think of.)
3. How many of the Friday sessions have you watched/attended? What do you think of them? (E.g., clarity, pace, etc.)
4. What's your favorite part of this class?
5. What's your least favorite part of this class? Anything that you'd like us to do differently?
6. What do you think of the homeworks (both written and programming parts)? Useful for learning the material?
7. Any other comments or suggestions regarding the class? Or any other messages that you'd like to pass on to either Prof. Ng or one of the TAs?

We take all student feedback very seriously. Thanks very much for filling this out!

Some ways to hand this in anonymously: At end of class on 10/28; send to Professor Ng via campus mail; in the hand-in box at the bottom of the Gates A wing stairwell; FAX to (650)725-1449; or via SCPD courier.
