

NeuroSky

Company Overview

Our Vision

Making Wearable BCI Technology Available to the Masses

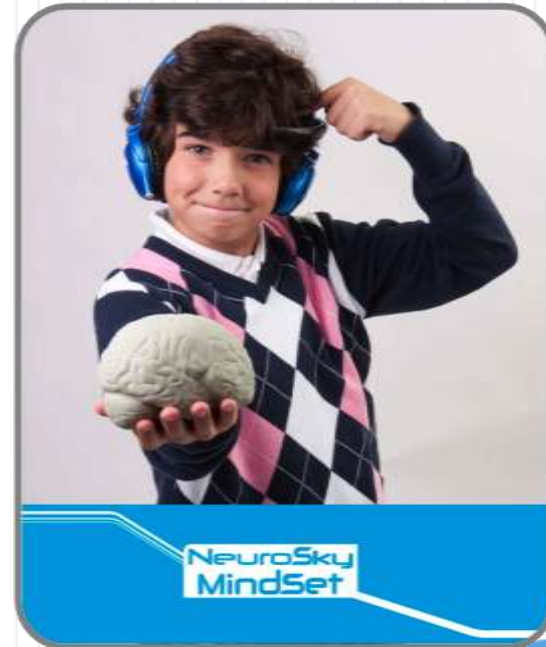

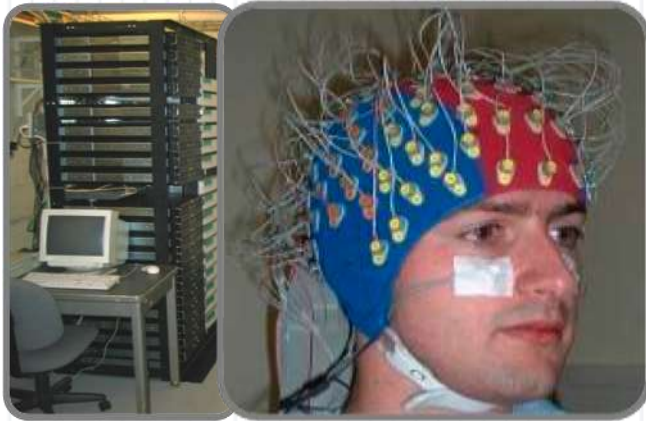

2

Stereo
Systems

Portable
Music

Medical EEG Instrument:
Requires Gel and Computer

NeuroSky:
Easy
Affordable
Fun

What we do: Core Biosensor Technology for Consumer Applications

Core Biosensor Technology:
Cost effective, Mobile, Wearable

Business Model: Partner
Oriented to leverage market
expertise and positioning.

Broad Application:
Easily Adapted to Any Industry

Powered By Your Mind
