Helping People with Disabilities

- Carry Objects
- Remember Where Things Are
- Retrieve Items
- Prepare Food
- Clean

Moving Around the house

- Dishes
- Tidy Up
- Laundry
- Clean
- Organize

PR2 Sensors

A white humanoid robot with a red sensor on its head is standing behind a white table. The robot's right hand is resting on a stack of papers on the table, while its left hand is positioned near a pen. The background is a dimly lit room with a desk, a chair, and a sofa. The text "ROBOT TELEOPERATED" is overlaid in white on the bottom left of the image.
