Mid-Term Student Team Project Presentations ENGR110/210: Perspectives in Assistive Technology - 2022 e fill out with a pen. Tuesday, February 8, 2022 Please write legibl

been addressing problems experienced by individuals with disabilities or older duits and have been working to understand the problem brainstorm degin, fabricate, and lets a protopyce device or software to meet an identified challenge. The teaching team would appreciate your assistance in judging the quality of the students project and presentation efforts. Please read the orthetia below and submit your scores, suggestions, and comments. Use a pen and print legibly as your comments will be disseminated to the project teams.

- Judge the overall quality of the presentation, design process, prototyped concepts in the following areas: <u>Presentation 3 Delivery</u>: Presentation: (<u>What</u> the team presented) - clarity, organization, and completeness of the information presented. Delivery: (<u>How</u> the team presented) - professionalism, enthusiasm, conviction, confidence, energy, volume.
- Process; (How the team addressed the problem) problem information, background research, design concepts brainstormed, prototyped, tested, and evaluated.
- Design: (What the team produced) creativity, originality, functionality of the design concept(s), and the likelihood it will meet the user's challenges.

Overall: (Overall score) - combined impression of presentation and project effort

 Use these metrics:
 ③ = Excellent Top 10%
 ③ = Very Good Top 25%
 ③ = Good Middle
 ② = Fair Bottom 25%
 ③ = Poor Bottom 10%

Please provide your comments and suggestions about the course, this mid-term presentation, and the overal evaluation process. Thank you for your participation!

Mid-Term Student Team Project Presentations ENGR110/210: Perspectives in Assistive Technology - 2022

Please fill out with a pen. Tuesday, February 8, 2022 Please write legibly.

l am: □ - a student, □ - faculty member, □ - community member, □ - other: _____

Thank you for attending this year's mid-term student team project presentations for ENGR110/210. Student teams have been addressing problems experienced by individuals with disabilities or older adults and have been working to understand the problem, brainstorm, design, fabricate, and test a prototype device or software to meet an identified challenge. The teaching team would appreciate your assistance in judging the quality of the students' project and presentation efforts. Please read the criteria below and submit your scores, suggestions, and comments. Use a pen and print legibly as your comments will be disseminated to the project teams.

Judge the overall quality of the presentation, design process, prototyped concepts in the following areas:

<u>Presentation & Delivery</u>: Presentation: (<u>What</u> the team presented) - clarity, organization, and completeness of the information presented. Delivery: (<u>How</u> the team presented) - professionalism, enthusiasm, conviction, confidence, energy, volume.

<u>Process: (How</u> the team addressed the problem) - problem information, background research, design concepts brainstormed, prototyped, tested, and evaluated.

Design: (What the team produced) - creativity, originality, functionality of the design concept(s), and the likelihood it will meet the user's challenges.

Overall: (Overall score) - combined impression of presentation and project effort

• Use these metrics: ③ = Excellent ④ = Very Good ③ = Good ② = Fair ④ = Poor Top 10% Top 25% Middle Bottom 25% Bottom 10%

Please provide your comments and suggestions about the course, this mid-term presentation, and the overall
evaluation process. Thank you for your participation!

Upcoming class sessions

Field Trip to the Magical Bridge Playground

- Olenka Villarreal
- Thu, Feb 15th

VA Palo Alto Heath Care System

- B. Jenny Kiratli, PhD & Jeffrey P. Jaramillo, DPT
- Tue, Feb 20th

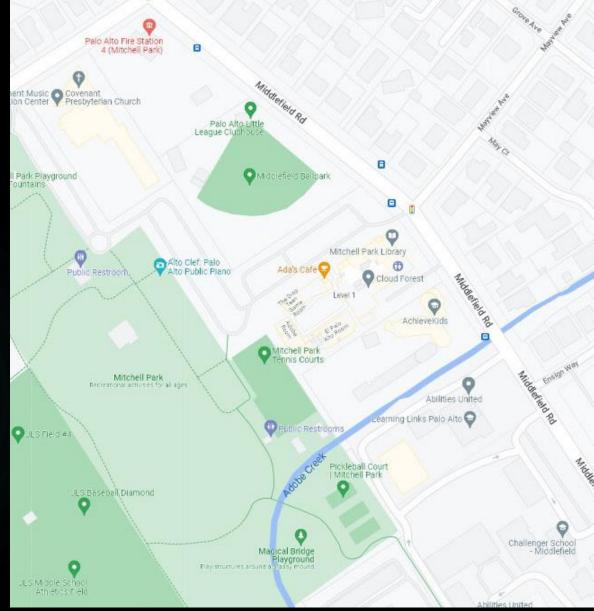

Assistive Technology Faire

- 7 Vendors
- Thu, Feb 22nd

Magical Bridge Playground

Students working on Team Projects Mid-term Report

- Mid-term report 10 to 15 pages of narrative text and images
- Include sketches and photos
- Goal: short, concise, well-written, and highly readable report with few grammatical and spelling errors.
- Report Writing Tips documents suggested report features

Tuesday, February 20th

Mid-term Reports Due

Read Instructions and Tips:

- Mid-term Assignment Webpage
- Suggested section titles
- Report writing tips for each section
 - Scanning sketches
 - Adding captions
 - Adding bibliographic references

Today Mid-term Student Team Project Presentations

Order	Team Name	Project Name	
1	WANI	Treats for Nathan	
2	Secure the Bag	Accessible Storage Solution for Abby	
3	Re-Creation	Accessible and Inclusive Playground Attractions (1)	ا الم
4	Danny Designers	Laptray for Danny	SE
5	Dream Catchers	Accessible and Inclusive Playground Attractions (2)	
6	Accessible Basket Solutions	Storage Solution for Danny	
7	ArtSIStive	Creative Expression for Sylvia	
8	Danny's Dawgs	Dog Kennel Project for Danny's Service Dog Korey	

Team Project Presentations

- Mid-term Team Project Presentations
 - 8-minute presentations:
 - Tell the entire story
 - Be concise
 - Employ descriptive photos
 - Avoid every last detail
 - Show your prototypes as slide images
 - Practice for timing, where to stand, etc
 - Use slide presenter to advance slides

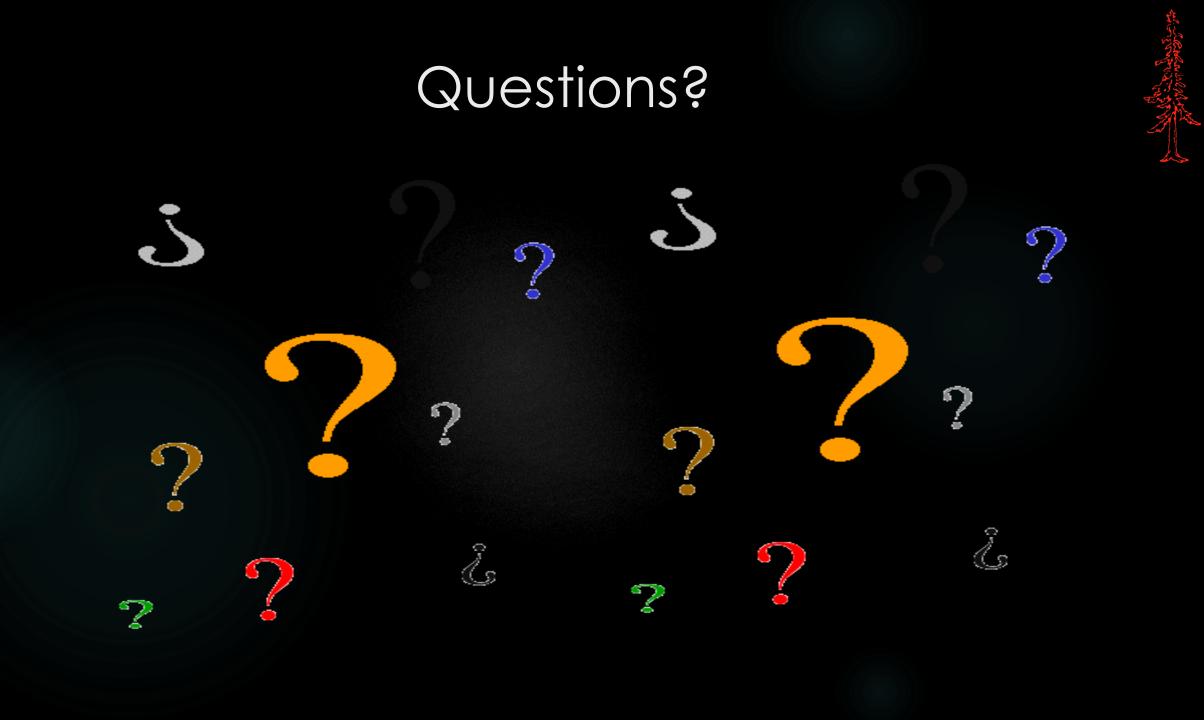

Team Project Presentations

Student project teams have selected a challenge or problem experienced by individuals with disabilities or older adults and have been working to understand, research, brainstorm, design, fabricate, and test prototype devices or software to meet the identified challenge. Each team will now present their mid-term project progress.

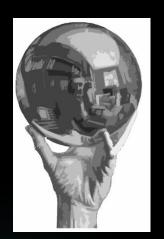

Sorry, there will not be time for questions.
