

Stanford University Reporting: GFS Enrollment Check

CONFIDENTIALITY AGREEMENT

I understand and accept responsibility for complying with the Federal law and University policy concerning the privacy rights of students, student applicants, employees, and job applicants; and I understand that a breach of this agreement can be cause for disciplinary action, up to and including termination of employment.

Description: (Rpt PS_GFS010)

This set of reports provides detailed information about GFS aid received and units-enrolled for a given term. Each report lists students who have not met the minimum enrollment requirements: non-TGR students who not enrolled in 8 units; and TGR students who have not enrolled in a TGR course. Information includes units and careers enrolled, plus GFS aid status, projects being charged, etc.

Result and Pivot sections may be printed and/or exported to Excel or other formats.

Instructions for Processing:

Click the Process button below to run the report. To limit the data included in the output, you may select high-level limits such as one or more Academic Plans, Department Ids, or Award/Project/Task. Selecting Ignore will include all available values for a limit.

Note: This report should be processed for one term at a time. For multiple terms, run the report multiple times.

Stanford University Reporting: GFS Aid Sum by Student

CONFIDENTIALITY AGREEMENT

I understand and accept responsibility for complying with the Federal law and University policy concerning the privacy rights of students, student applicants, employees, and job applicants; and I understand that a breach of this agreement can be cause for disciplinary action, up to and including termination of employment.

Description: (Rpt PS_GFS008)

This report provides detailed information about graduate aid organized by student. The report includes data such as award amount, funding source, term, aid type, pay status, when the award detail line was last updated, and by whom. Result and Pivot sections may be printed and/or exported to Excel or other formats.

Instructions for Processing:

Click the Process button below to run the GFS Aid Sum by Student report. To limit the data included in the output, you may select high-level limits such as one or more Academic Plans, Department Ids, or Project Ids. Selecting Ignore will include all available values for a limit.
