On-Site Services Provided

Medical Surveillance & Immunizations

Medical surveillance is the process of evaluating workers' health as it relates to their potential occupational exposures to hazardous agents.

Examples include:

Medical surveillance:

- Tuberculosis screening
- Vision exams
- Respirator use clearances
- Hearing tests
- Focused physical exams
- Urinalysis
- Blood tests

Immunizations:

- Hepatitis A
- Hepatitis B
- Varivax (chicken pox)
- MMR (Measles, Mumps, Rubella)
- Tetanus boosters
- Others as required by potential work exposures

On-Site Services Provided
