2	<a href="#">Recombinant DNA: Regulations &amp; Guidelines</a> Exempt rDNA Viral Vectors Human Gene Transfer Transgenic Plants	2-4
3	<a href="#">Infectious Agents: Regulations &amp; Guidelines</a> Biosafety Level Classification Biological Agents and Toxins Database Laboratory Facilities Tissue Culture, Human and Primate Tissue	5-8
4	<a href="#">Administrative Panel on Biosafety</a> Review Process Renewals, Amendments, Cross-References	9-11
5	<a href="#">Training</a>	12-13
6	<a href="#">Bloodborne Pathogens &amp; Medical Surveillance</a> Exposure Control Plan Vaccinations Medical Surveillance	14-16
7	<a href="#">Safety</a> Safety Sharps Biosafety Cabinets Signs and Hazard Communication Spill Response	17-22
8	<a href="#">Select Agents</a>	23-25
9	<a href="#">Transportation</a> Shipping of Biohazardous Goods Off Stanford University Importation of Biohazardous Goods Onto Stanford University Export Controls	26-30
10	<a href="#">Waste &amp; Decontamination</a> Medical Waste Sharps Waste Mixed Waste Animal Carcasses Autoclave Waste Decontamination Autoclaves	31-41
11	<a href="#">Lab Deactivation &amp; Equipment Disposal</a> Close out procedures Disposal of Lab Equipment	42-44

## Appendixes

- A [NIH Guidelines for Research Involving Recombinant DNA Molecules \(April 2002\)](#)
- B [Biosafety Levels for Biological Agents](#)
- C [Application for APB Approval](#) (for Biohazardous Agents, rDNA)
- D [Application for APB Approval for Human Subjects](#)
- E [Update Form for Approved APB Projects](#)
- F [Cross Reference Form for Approved APB Projects](#)
- G [Bloodborne Pathogen Exposure Control Plan](#)
- H [Hepatitis B Vaccination Declaration](#)
- I [Select Agent List](#)
- J [Stanford University Contact Information](#)
