

Inventory Report Screen

The screenshot shows the chemtracker web application in a Netscape browser window. The browser's address bar displays the URL: http://www.chemtracker.com/apphtml/webapp_stanford/index.html. The application header includes navigation tabs for 'home', 'reference', 'inventory', 'reporting', and 'tools', along with 'logout' and 'help' buttons. Below the header, there are search and management options: 'Search | Add', 'MSDS', 'SAFETY INFO.', and a row of buttons: 'SAVE CHANGES | DELETE ITEM | REVERT | FIND VALUES | SAVE QUERY'. A search filter bar contains fields for 'Invid: 623823', 'GDN: 13', 'StorGrp: E', 'ModBy: lburnes', and 'ModDate: 01/07/2001'. The main content area is divided into two panes. The left pane, titled 'All Matching Inventory', lists chemical names such as 'Mixture of Nitric acid (9)', 'Tetrabutylammonium perchl', '1,2-Difluoroethylene', 'CHLOROSILANE', and 'Calcium(I) nitrate', with a count of '875 Inventory Record(s)'. Below the list are icons for 'INVENTORY REPORTS' and 'PROCESS INVENTORY'. The right pane, titled 'Available Reports - Netscape', contains the text 'Please choose a report for current search results ...' and a list of report options: 'Storage Group Update Report', 'Chemical Name Update Report', 'Haz Com Report', and 'Download Excel File'. A 'Cardfile' option is also visible. The bottom of the browser window shows the Windows taskbar with various open applications and the system clock at 10:47 AM.

(1) Search Results

(2) Click 'Inventory Reports'

(3) Select a report format and proceed
