- Application:** **Print a copy of the 3-Page Application.** Send original and 3 copies of the completed form. Paper clips and clamps are okay, NO staples.
- Statement of Purpose:** **Print a copy of the Statement of Purpose.** Submit each essay on a separate sheet of single-sided paper. You must respond to all 3 questions. Include your name and date on each page. The Committee on Selections and Awards is interested in your overall objectives and in your plan to achieve them. The Committee sometimes finds it difficult to evaluate how Center training fits in with a student's short-range and long-range program. A well thought out statement will assist the Committee with its deliberations. Send original and 3 copies. Paper clips and clamps okay, NO staples. Electronic submissions are acceptable.
- References:** **Print one copy of the Language Reference form. Print two copies of the General Reference form.** You will need to submit a total of 3 references (one language and two general). Students are urged to solicit letters of reference from at least two instructors who have taught them in non-language courses. Applicants no longer in school may wish to use a business reference. The Committee finds it most useful to have evaluations of the applicant's past work or future promise in his or her own field of academic or professional specialization. This is particularly true for those enrolled in professional or graduate programs. Evaluations of an applicant's level of language competence are made principally on the basis of screening test scores. However, applicants should also include the language evaluation letter from a language teacher with whom he or she has recently studied. Evaluations may be written in English or Japanese and may be submitted electronically.
- Transcripts:** **Submit one official transcript from each college, university or post-secondary school attended.** Transcripts should be included with your application whenever possible, however, they may be sent under separate cover if necessary.
- Fellowship Fund Application:** **Print one copy of the Fellowship Fund application.** Everyone will be asked to complete this form (including students who may have already obtained scholarship awards from an outside source). Admission decisions do not take financial need into consideration. Fellowship awards are based on need and merit, as well as donor specifications. Awards are not made until after the Selection and Awards Committee has made its admission decisions.
- Information Card:** **Print one copy of the Information Card.** Print or type all information requested.
- Proficiency Exam:** **Print one copy of the Proficiency Exam Request Form.** Please complete the form, including complete contact information for your proctor (if applying from a non-member institution). Students with questions concerning proctor selection should contact the Stanford Administrative Office.
- Notification:** The Selection and Awards Committee meets mid-March 2010. Applicants will be notified of their admission status via email prior to month's end.
- Late or Incomplete Applications:** There will be no grace period for late applications. The committee will consider only complete applications.
- Resumes and CVs:** Resumes and/or CVs are not intended to be part of the application packet. These documents are not included with your application or forwarded to the admission's committee. Please do not send.
