

Teaching Assistants:

Meg Desko, HTA
Other TAs TBA

Teaching assistants will be available after each lecture and in the CRC (schedule to be announced).

Weekly recitation sections will be held to clarify and amplify the lecture material, and to provide added problem-solving opportunities for the students. Sections will include weekly quizzes to emphasize key concepts covered in lecture.

Times offered for recitation sections are listed on the Chemistry website. Please sign up for three choices of these sections by Wed. Sept. 28, 12:00 noon.

Regrading Policy:

Exams to be re-graded must be turned in to the head TA within 1 week of the day the exams are returned. Exams will not be re-graded if they were taken in pencil. We reserve the right to re-grade the entire exam, and not just the problem(s) in question. Lastly, we will photocopy about 10% of the finished exams to help ensure that the honor code was followed.
