

# Notification of Outside Scholarships 2009-2010

## STANFORD UNIVERSITY FINANCIAL AID OFFICE

University policy requires that you report to the Financial Aid Office all resources available to you for your education. Please complete and return this form to the Financial Aid Office by **August 1, 2009**, in order for us to adjust your award package before your student bill is prepared. You will receive a revised award letter within six to eight week if one is warranted.

Details about outside award policies are available at <http://financialaid.stanford.edu/aid/outside>.

Remember these important points:

- Outside scholarships will reduce or eliminate the student responsibility portion of your award, which includes academic year job and student contribution from income.
- If total outside scholarships exceed your student responsibility, the remainder will reduce or eliminate your Stanford scholarship or grant.
- *Outside scholarships do not reduce your parent contribution.*
