About Ship-to-School

Collegeboxes' Ship-to-School service is the most convenient, flexible, and inexpensive option for transporting your belongings to campus. Bring only essential items in your luggage when flying or driving to campus. Everything else, send it to us!

How Ship-to-School Works

We send you your Supply Kit (includes 5 boxes, tape, label pouches, and a marker). Pack and affix barcode labels to the boxes using your collegeboxes.com account. Schedule a UPS pickup for your boxes from collegeboxes.com account. We receive and store your boxes at our secure climate-controlled storage facility. We deliver your boxes directly to your room, on the date and time you choose.

Convenient Move-In

Have your belongings delivered right to your dorm room during the move-in period of your choice. No need to lug your items from the mail room or on your trip to campus, Collegeboxes "At Your Door" service makes move-ins a breeze!

Ship-to-School Pricing

You only pay for the cost of shipping and a \$15 per box handling fee. Our prices cover the cost of temporary storage space and delivery services.

Flexible Times

Ship your unwieldy boxed belongings to our secure storage facility at any point over the summer. We then deliver your boxed belongings directly to your dorm room whenever is best for you: during Orientation Week (first years and transfer), move-in weekend (returning students), or earlier (RAs, athletes, Campus Ambassadors, etc.)

Inexpensive and Hassle Free

Compared with the costs and hassles of having to drag your items through an airport or cram everything in your vehicle, the shipping and handling cost is very small, especially considering the ease of having all your items delivered directly to your room when you arrive.

Avoid Hassle with the Campus Mail Room

Most campus mail rooms only allow items shipped shortly before school begins, and has limited hours when you can obtain your packages. Plus, you still have to carry everything back across campus (and up the stairs) to your dorm room. With Collegeboxes Ship-to-School with "At Your Door" service, you can send items to us at any point in the summer, and avoid the chaos of move-in when you arrive.

MAKE YOUR MOVE-IN A BREEZE & SIGN UP NOW!

Go to collegeboxes.com and select our "Ship-to-School" service. You'll be glad you did!
