### **Part-Time Child Care** (Occasional Babysitting)

Stanford's WorkLife Office maintains a list of students, spouses and others available for part-time child care. Stanford does not endorse any of the people listed and does not provide background checks. It is the parents' responsibility to screen those they hire. Information is available below on how to do this. Call The WorkLife Office to receive the most up-to-date "Part-time Child Care List" at 723-2660.

### **Background Checks**

Trustline provides a registry of child care providers whose background checks are clear. They will also perform a background check for parents hiring a new provider for \$124-134.
