THE NATIONAL SCENE

Congressional Update from the National and Community Service Coalition and Youth Service America - In a flurry of late night deal making, Senate Majority leader Bob Dole (R-KS) and minority leader Thomas Daschle (D-SD) reached agreement on the \$15 billion rescission package — nearly \$3 billion less than the House rescission bill. As you know, part of the rescission bill is the first federal effort that threatens cuts to the Corporation for National Service Programs (namely, AmeriCorps and Learn and Serve America K-12 and higher education). The compromise translates into \$415 million in FY95 funding for the National and Community Service Trust Act — \$105 million less than authorized in the Trust Act, but a \$105 million increase over FY94. The Dole/Daschle compromise must still be approved by the full Senate and go to a House/Senate conference to reconcile differences between the House and Senate versions of the package.

The grassroots support for continued federal support for national service has been impressive! YSCal thanks all who wrote letters and called. Thanks for sending us copies too! The war is not won. Take advantage of the Congressional Recess:

Congress is on Recess!

- Arrange site visits by your Congressional members and senior staff to show what national service means to your community, your organization and your participants.
- Arrange face-to-face meetings with members of Congress and/or top Congressional staff
- Promote National Youth Service Day in your community on April 25th (see below).
- Attend town meetings that your members of Congress hold and ask what members think about federal investment in national and community service.

National Youth Service Day - Last Call to tell YSCal what is going on in your community. Call or FAX Jenny Girard immediately with activities going on in your community on or around Tuesday, April 25. We will send them on to Washington. As you know by now, National Youth Service Day is a national celebration of the power of young people to meet community needs. Your activities do not have to be anything new or special. Just a recognition of the power of young people in your programs and community.

Some activities already listed:

April 22, Saturday— Citywide service day coordinated by Linking San Francisco and the Volunteer Center of San Francisco. With AmeriCorps members, elementary/ middle/high school students will be brought together to work on environmental projects.

April 25, Tuesday— Coordinated by United Way of San Diego Volunteer Center, “Peacing Together San Diego” will focus on the different forms of violence that

affect us, our communities and our environment. Projects will happen all over San Diego with a rally at Balboa Park in the afternoon for all participants.

April 25, Tuesday— As an alternative to regular classroom studies, Jane L. Stanford Middle School in Palo Alto will initiate service-learning classes so as to discuss current social issues such as Hunger and Homelessness, Child Care, Arts and Service.

****FAX your items by Monday, April 17 to Jenny at (415) 725-7339.**

Students Challenge Volunteerism Rule - Two North Carolina students are contesting the legality of their public high school's mandatory community-service program. They argue that the program, which requires high school students to perform 50 hours of community service over four years to graduate, is unconstitutional because it forces students to perform involuntary service. The students also say that Chapel Hill-Carrboro School District's graduation requirement also violates the 14th amendment which they say permits public schools to teach students values but not to force students to act on those values. Kim Hoke, a spokeswoman for Chapel Hill-Carrboro School District says that the school district believes that "service-learning is important because it helps students come up with hands-on solutions to real life problems."

National Civilian Community Corps Recruits - The National Civilian Community Corps, part of AmeriCorps, is recruiting for the 1995 class. AmeriCorps NCCC gives young Americans between the ages of 18-24 the opportunity to serve their country, focusing on projects that protect and conserve natural resources, promote public safety, and help meet the educational and human needs of children, seniors and others in the community. AmeriCorps NCCC combines the best aspects of community service and military life. Members live on military bases that have been closed or scaled down. The application deadline is April 24. For more information, contact AmeriCorps NCCC at 1-800-924-2677.

YSCAL NEWS

YSCal Responds to National Policy Events - Over the next few months, YSCal will continue to play a major role in informing affiliates about current policy events and educating policy makers about the value of youth service programs. As you know, YSCal is a public/private collaboration that is distinct from state agencies. This gives us freedom to participate constructively and to educate policy makers. **YOU ARE OUR PARTNER IN THIS ENDEAVOR.**

New Flash FAX Tree - YSCal is using a new process to get information to you quickly! We call it the Flash FAX, where we fax important information to you as soon as we get it. We have Flash FAXED two items to you already. **IF YOU HAVE NOT RECEIVED FAX ALERTS THIS MEANS WE DO NOT HAVE A FAX NUMBER FOR YOU.** Call Nicole immediately to give it to her. Updates will be put in abbreviated form on our voice mail. We also depend on you to alert us to happenings in your programs, letters you send, and your interactions with policy makers.

On March 29, the YSCal Policy Subcommittee affirmed the following policy role for YSCal:

- Remain the core educator on policy events for the California youth service field including forwarding information from national policy players and agencies such as the Coalition on National and Community Service, Youth Service America, the Corporation for National Service, and the California Commission on Improving Life Through Service.
- Write rebuttals to national and local columnists who discuss national service.
- Contact California funders of national service programs to educate and inform them on the status of national funding.
- Publicize National Youth Service Day and other activities and successes.

In the coming months we will also research current state and federal programs that include service in their legislative intent and begin to gather information on opportunities for other areas where policy makers might include service as a strategy. Give us your thoughts!

Spring “Currents” - Have you received the spring edition of Currents ? Send us back your card that was inserted in the newsletter so we can update our database. Many *Currents*' articles were written by the field. Would you like to see your program featured in Currents!?? Or is there someone you would like to nominate to be a local hero? We would love to hear and share with others what's happening in your area. Articles and pictures for the summer edition of *Currents* are due at YSCal by May 15. Please note: sometimes space constraints force us to edit or remove articles. Any questions, please call Nicole at YSCal, 415-723-3803.

Service and Volunteerism Conference - YSCal is recovering from the “1995 Service & Volunteerism Conference: Coming Together for A Stronger California.” Over 1600 people attended. YSCal is still selling conference T-Shirts. The cost is \$7 each and 2 for \$12. Also, YSCal is compiling the workshop handouts for \$25. To order, contact Nicole at YSCal. We are meeting next week with state agencies and other state-wide organizations to begin thinking about next year's conference...stay tuned.

Youth CAN Recruitment!!!! - Since 1993, YSCal, CA Department of Education-CalServe, and CA Campus Compact, and others. Youth California Action Network (Youth CAN) has worked with a core group of young California service leaders. By acting as a network for youth voice, Youth CAN trains young service leaders, administers annual Youth-to-Youth grants and mobilizes regional outreach as local service spokespeople. This spring and summer, Youth CAN is recruiting new members!! Young people between ages 12-25 who are active in youth service are eligible. We encourage individuals with a strong desire to serve on a state-wide level, to develop skills, and to motivate their peers to apply. **THE TIMELINE IS AS FOLLOWS:**

Week of April 24, 1995—applications available @ YSCal

May 5, 1995—last day to **request** an application

June 5, 1995—deadline for completed applications and recommendation forms.

Notified in June/July.

For information and applications, please contact Jenny Girard at YSCal (415) 723-3803.

Regional Networks

Thanks to funding from the William and Flora Hewlett Foundation and CDE-CalServe, YSCal

recently distributed \$22,000 to twelve regional networks to assist with administrative costs. If you are not hooked into a regional network and would like to be, call us! They are the best way to build local leadership, stay informed, and promote programs in your region.

YSCal Technical Assistance Efforts

Thanks to funding from The James Irvine Foundation, YSCal has started a project to create a more customer driven technical assistance effort for CA youth service programs. The first priority is to support AmeriCorps and Learn and Serve grantees. Components include:

- coordinating technical assistance organizers.
- continuing to update our technical assistance booklet to be useful to the field and work with TA providers to insure high quality assistance.
- providing mini-grants and other support directly to programs for unmet technical assistance needs that they identify.
- writing a publication on first year implementation.

If you would like more information about this project, please call YSCal's lead consultant, Arlene Stepputat, (805) 565-0834. She has a wealth of information!

COMMISSION NEWS

Commission Openings - The California Commission on Improving Life Through Service is accepting applications for Commissioners. *Youth are encouraged to apply.* Call the Commission for applications (916-323-7646) .

Service Video in Development - The Commission is developing a 30-minute video on service in California. The current plan is to focus on the results of AmeriCorps programs in the four issue areas: education, public safety, the environment, and human need. Linda Forsyth, executive director, and Suzanne Fisher, public information officer, are open to suggestions about content. Call (916-323-7646) or FAX (916-323-3227) your ideas for how this can be a useful video for California.

Next Commission Meeting: April 27th in Sacramento. Contact: Circe Olander at the Commission for more time, location, and additional information (916-323-7646).

CALIFORNIA CAMPUS COMPACT

Consortia on Community Service Meetings - California Campus Compact sponsors two California Consortia on Community Service for CACC member institutions. The Consortia on Community Service are support networks for campus-based community service administrators, faculty members and students. It is a forum for topics regarding higher education community service and an opportunity for the development of collaborative efforts and partnerships. During the May Consortia meetings, the Higher Education Research Institute will conduct a Student Leadership Development workshop based on their model of Leadership change. The Southern California Consortium will be held May 3rd at Pitzer College and the Northern California Consortium will be held May 9th at DeAnza College. For more information, contact California Campus Compact at 310-794-8638.

RESOURCES

FUNDING OPPORTUNITIES

FIPSE Funds to Become Mentor Institutions - The Fund for the Improvement of Postsecondary Education (FIPSE) in the US Department of Education invites applications from innovative postsecondary education programs that became "fully institutionalized" between 1988 and 1994 and for which there is clear evidence of improving student learning - for funds to disseminate their work by becoming mentors to institutions committed to adapting their models. Funding will be available to support 11-16 mentor institutions, each working with 3-6 adapting mentor institutions over a two year period to disseminate their reforms by coaching the adapters as they set up their new programs. The deadline to apply is May 25, 1995. For more information, contact FIPSE at 202-708-5750.

HUD YouthBuild Funds - The Department of Housing and Urban Development announces the availability of approximately \$74 million for FY95 program funds under its YouthBuild program. The purposes of the program are to 1) provide economically disadvantaged young adults with opportunities to obtain education, employment skills and meaningful on-site work experience as a service to their communities and a means to achieve self-sufficiency, 2) foster the development of leadership skills and commitment to community and 3) expand low and very low income persons by providing planning grants for program design and implementation grants for carrying out a YouthBuild programs. For information, call 202-708-2035.

EPA Funds for Communities and Universities - The Environmental Protection Agency announces its Environmental Justice Community/University Partnership Program. The program emphasizes meaningful, fully interactive two-way cooperation between communities and Historically Black Colleges and Universities, Hispanic-serving institutions, Tribal colleges, and institutions of higher education serving Asian-American and other minority or low-income communities, to address environmental justice issues and to identify pollution sources, train residents on their rights and responsibilities, and help to resolve environmental problems. A minimum of 4 awards of \$300,000 each will be granted in FY95. The application deadline is May 17, 1995. For more information, fax the EPA at 202-260-0852.

RECOGNITION OPPORTUNITIES

Peter F. Drucker Award - The Drucker Foundation has announced the 1995 Peter F. Drucker Award for Nonprofit Innovation and will present \$25,000 to a non-profit organization on October 31, 1995. The award encourages the development of innovative programs, projects and initiatives. Applications are due June 1, 1995. Write the Drucker Foundation, 666 Fifth Avenue, 10th Floor, New York, NY, 10103 or call YSCal for more information.
