

I added salt to a bottle of Coca Cola at Huazhong University of Science and Technology, Wuhan, China. I had one of their chemistry professors (Prof. Li Guangxing) assist me. He had no idea what was going to happen and his facial expression shows that. The geyser of Coke went so high it reached the ceiling of the lecture hall and left a stain, to the great enjoyment of the audience of undergraduates in attendance (about 300+ of them).
