Dear Mohammad Hekmat,

It is my honor and privilege to inform you that the Persian Student Association (PSA) at Stanford University has been selected to receive an award from the Sharif University of Technology Association (SUTA). This award recognizes the PSA for its excellence in supporting the Iranian community at Stanford.

We believe a historian who will one day look back at the shining performance of Iranian students at Stanford will divide the history of Iranian students into the pre and post PSA eras. Despite all obstacles, your association has stood firm and passed the test of time over the past sixteen years since its inception in 1993. PSA's remarkable support system has resulted in a drastic improvement in every aspect of Iranian students' life at Stanford, as is evident from the accomplishments of its members. I hope that the PSA flag that has been passed from generation to generation over the past sixteen years would never touch the ground.

Congratulations on receiving this award and I am looking forward to meeting you in person at our event "Stanford-Sharif: Decade of Mutual Contributions" on November 8, 2008, where the recognition will officially take place.

Sincerely yours,

Fariba Aria

President
