Topical Coverage: Important problems facing world (1); armed conflicts in Central America (2); why conflicts occur (2); outcome of conflict influencing United States (1); Cuban influence (1); American influence (3); conflict in El Salvador (5); conflict in Nicaragua (5); total withdrawal from Central America (2); United States mining in Nicaragua (5).

Revised Studies

United States -- National adult samples

- Study Title:** Gallup Poll # 994
Study #: [USAIPO1978-0994](#) 
Methodology: Conducted by Gallup Organization, February 24-27, 1978, and based on face to face interviews with a National Adult sample of 1,553.
Variables: 20
Topical Coverage: Jimmy Carter job performance (2); spending the evening (1); belief in supernatural (12); United Nations job performance (1); voter registration (1); party preference (2); importance of religious beliefs (1).
- Study Title:** NORC Survey: Radio
Study #: [USNORC1947-0245](#)
Methodology: Conducted by National Opinion Research Center [NORC], November 1947, and based on not available interviews with a National Adult sample of 3,527.
Variables: 66
Topical Coverage: Local media involvement (4); community Job performance (5); private vs. government business (6); news sources (2); newspaper (8); radio (8); criticism of media (4); radio commercials (9); advertising vs. radio fee (3); federal government handling radio (5); time listening to radio (1); radio programs listened to (6); radio ownership (1); watching movies (1); book reading (1); The Hucksters (2).
- Study Title:** Times Mirror Poll # 1990-PS0590: Spring 1990 Political Update
Study #: [USTM1990-PS0590](#) 
Methodology: Survey by: Times Mirror Center
Conducted by Princeton Survey Research Associates, May 1-31, 1990, and based on face to face interviews with a National adult sample of 3,004.
Variables: 256
Topical Coverage: George Bush job performance (1); most important problem facing the country (3); political party best able to handle problems (1); Bush job performance on certain issues (12); satisfied with the direction of the country (1); personal financial situation (1); economy (4); affordable of expenses (1); favorability of countries (11); confidence in financial institutions (1); financial institutions (2); federal budget (19); programs/proposals in the country (7); minorities/religious groups in America (9); party control of Congress (1); political party (33); descriptions of respondent (60); political leaders/organizations job performance (29); disagree/agree with various statements (32); interest in government and public affairs (1); political party to win Congressional election (2); frequency of voting (1); 1988 presidential election (1); media (3); political advertising (5).
- Study Title:** Times Mirror Poll # 1991-PS1091: Political Survey I
Study #: [USTM1991-PS1091](#) 
Methodology: Survey by: Times Mirror Center
Conducted by Princeton Survey Research Associates, October 31-November 10, 1991, and based on telephone interviews with a National adult sample of 2,020.
Variables: 119
Topical Coverage: George Bush job performance (1); 1992 presidential election (8); most important problem facing the respondent (1); satisfied with the direction of the country (1); most important priority for the next president (2); economy (1); changes to the political system (1); personal financial situation (3); employment (2); types of candidates running for office (6); agree/disagree with political statements (14); situation that has had the greatest effect on the respondent's political beliefs (2); spending on defense (1); agree/disagree with certain statements (48); political leaders/organizations job performance (16); frequency of voting (1).

Roper Center Archives Update
August, 2008

Study Title: USA Today Poll # 1991-3240: Post-War Confidence and the Military
Study #: [USUSATY1991-3240](#) 
Methodology: Survey by: USA Today
Conducted by Gordon S. Black Corporation, February 28, 1991, and based on telephone interviews with a National adult sample of 622.
Variables: 16
Topical Coverage: George Bush job performance (1); Bush re-election (1); confidence in institutions (5).

Study Title: Time Soundings # 8602
Study #: [USYANK1980-8602](#) 
Methodology: Survey by: Time Magazine
Conducted by Yankelovich, Skelly & White, March 29-30, 1980, and based on not available interviews with a National Adult sample of 917.
Variables: 149
Topical Coverage: Party membership (1); biggest issue facing country (21); Jimmy Carter vs. George Bush (1); Jimmy Carter vs. Ronald Reagan (1); Jimmy Carter vs. James Anderson (1); Edward Kennedy vs. Ronald Reagan (1); Edward Kennedy vs. John Anderson (1); Edward Kennedy vs. George Bush (1); Jimmy Carter vs. Edward Kennedy (1); Republican nominee (3); voting on the basis of issues (1); three way party race (1); acceptability of candidates (6); views of candidates (6); strength in leadership abilities for each candidate (6); Democratic nominee (1); future president (1); situation of country (2); personal concerns (5); Jimmy Carter (31); John Anderson (6); Ronald Reagan (6); George Bush (6); Edward Kennedy (6); stance on certain statements (16); Chappaquiddick and Ted Kennedy (1); tax cut (1); Russian invasion of Afghanistan (2); Iran and hostage situation (5); Israel (2); Palestine (1); inflation (4); nuclear energy (1).

United States -- Other samples

- Study Title:** ISI/Roper Center/Freedom Forum Poll # 1996-NEWJOURN: Journalism
Study #: [USISIROP1996-NEWJOURN](#) 
- Methodology:** Survey by: The Freedom Forum
Conducted by Institute for Social Inquiry/Roper Center, May 22-June 29, 1996, and based on telephone interviews with 1,041 Journalists who entered their field within the past eleven years.
- Variables:** 109
- Topical Coverage:** Journalism full-time (1); most important factor in career (1); college degrees (5); undergraduate major (2); graduate student (2); work for campus media (4); preparation for journalism (3); internships (2); introductory journalism writing class (1); guest speakers (1); attitudes of journalism/ mass communication instructors (6); helpful journalism courses (1); other helpful courses (1); journalism education (9); grade point average (2); preparation for communicating to others (4); computers (4); technology (5); quality rating of education (1); journalism instructors (6); prepared for workplace (1); current job (4); satisfaction rating of work (8); journalist job performance (3); journalist income (1); journalism (8); back to school (7); working in a college (2); length of work (2); atmosphere of work place (4); future for journalists (3).
-
- Study Title:** MORI Poll # 1985-NEWSCRD-J: Journalists and Readers: Bridging the Credibility Gap
Study #: [USMISCMORI 1985-NEWSCRD-J](#) 
- Methodology:** Survey by: The American Society of Newspaper Editors
Conducted by MORI Research Inc., Late Spring, 1985, and based on mail interviews with 1,333 Journalists and Top Editors of 51 U.S. Newspapers.
- Variables:** 171
- Topical Coverage:** Newspaper credibility (17); reporting techniques/practices (24); function of daily newspaper for readers/society (22); news coverage of various types of people (13); reliability of/feelings about reporters' newspaper (38); newspapers' policies (12); length of employment/job satisfaction (9); ownership/characteristics of newspaper (12).

International Samples

Argentina

Study Title: CIMS Poll # 1967-0003: Sacerdotal Opinion # 0003

Study #: [ARCIMS1967-0003](#) 

Methodology: Conducted by Centro de Investigaciones Motivacionales y Sociales (CIMS), August, 1967, and based on face to face interviews with 902 Catholics.

Variables: 80

Topical Coverage: Principles of Catholic morality (2); turn to help (1); church's solutions for divorce (1); church's solutions for birth control (1); church's solutions for marriage (1); changes to moral scheme (2); priests (1); nuns (1); Bishops (1); priest clothing (1); married priests (1); priest in the family (1); most shocking characteristic of a priest (1); functions of a priest (10); relation of church with the world (1); first impression of Catholic church (1); interests of the Church (4); Encyclicals (5); organization of the Catholic church (3); religious activity (2); Catholic Mass (4); liturgical changes (3); Mass said in Spanish (1); evening Mass (1); fasting (1); Catholic school (3); Catholic books (1); Catholic programs (1); contact with a priest (2); church attendance (1); communion (1); member of Catholic organization (3).
